<p>Important Update for the 2026-2027 Enrollment Application</p>	<p>NEW - After selecting the schools you wish to apply to, the application will prompt you to "Rank Schools" based on your preference. Currently, this ranking is collected solely for data purposes and will not impact lottery results, your child's enrollment status, or where he or she is extended an offer to.</p> <p>RIDE is working to implement/transition to a Single Best Offer system.</p> <p>A Single Best Offer system is a method used in school enrollment lotteries where applicants rank their preferred schools in order. Based on lottery results and their ranked choices, each applicant receives a single enrollment offer for the highest-ranked school where they secured a spot. This system prevents multiple offers and streamlines the process, ensuring that each applicant is matched with their most preferred available school.</p>
<p>Actualización Importante para la Aplicación de Inscripción 2026-2027</p>	<p>NUEVO - Después de seleccionar las escuelas a las que desea postularse, la aplicación le pedirá que "Clasifique las Escuelas" según su preferencia. Actualmente, esta clasificación se recopila únicamente con fines de datos y no afectará los resultados de la lotería, el estatus de inscripción de su hijo/a, ni donde se le ofrezca un cupo.</p> <p>RIDE está trabajando para implementar/realizar la transición a un sistema de Mejor Oferta Única.</p> <p>Un sistema de Mejor Oferta Única es un método utilizado en las loterías de inscripción escolar en el que los solicitantes clasifican sus escuelas preferidas en orden. Basado en los resultados de la lotería y sus clasificaciones, cada solicitante recibe una única oferta de inscripción para la escuela de mayor preferencia en la que obtuvo un lugar. Este sistema evita múltiples ofertas y agiliza el proceso, asegurando que cada solicitante sea asignado a la escuela disponible de mayor preferencia.</p>
